

Saint Andrew Parish

GATHER • LEARN • LOVE

“Give thanks in all circumstances; for this is the will of God in Christ Jesus for you.” *Thessalonians 5:18*

Thank You

by Fr. Sergio Romo, Pastor

“All of us have been looking for something that we could depend on.”

Dear Friends,

Just over a year ago, we began the celebration of the 125th Anniversary of Saint Andrew Parish. When we started, we had planned a commemorative event every month to celebrate the rich history of Saint Andrew. Little did we know that most of those commemorations would be cancelled due to COVID-19.

Instead, we entered into a very cautious period of time which we are still going through today. Many of us have known friends and family that have gotten sick and some have even died from this disease. There have been economic difficulties and job losses. All of us have been looking for something that we could depend on.

As Saint Andrew Parish begins its 126th year without the recognition of any formalities, I am reminded of the rich history of this parish. When the first parishioners of Saint Andrew parish banded together, they too were looking for something they could depend on. Saint Andrew Parish has existed for 126 years because its parishioners over all our parish’s history have been resilient. From joys to sorrows to joys again, parishioners have passed on the stewardship of this community from one generation to the next.

As you read this annual report, I am confident you will see the resiliency of Saint Andrew Parish on display. As setbacks hit us, the creativity and enthusiasm of parishioners stepped forward to meet the need. This report, meant to be a window into the overarching prospectus of the health of the parish, is only part of that picture. You may also be interested in reading our more detailed financial report which is available at www.standrew.org/2020AnnualReport

I would be remiss to not share with you that COVID has presented significant challenges for the coming months. While we should be heartened that we remained revenue positive in our past fiscal year and we can see that Saint Andrew Parish has retained a relatively high percentage of monthly giving when compared to our pre-COVID income, the parish is projecting a financial deficit.

We can face this challenge. I am confident that the resiliency that has typified Saint Andrew for 126 years is not an accident but a gift from God. If we look at this moment and ask ourselves how God is inviting us to steward his Church and to care for one another, I am confident that we will make it through these difficult times. After all, we can depend on God above all.

If I or the staff at Saint Andrew can be of any assistance to you, please let us know. Let us keep praying for one another as we journey together through the year ahead.

God bless,

Fr. Sergio Romo

“I am confident that we will make it through these difficult times. After all, we can depend on God above all.”

Gather... Our core value made possible through your support.

*“Saint Andrew
didn’t stop
gathering,
we just changed
how we gather.”*

In early March of 2020, the media began to hint that civic authorities were about to issue orders limiting gathering in public groups. One of Saint Andrew’s core principles (*broadcast widely in our tagline*) is “**Gather.**” A side conversation among the parish staff discussed, “Should we change our tagline for the time being to ‘*Don’t Gather?*’”

The change in our tagline never took place because the essence of our ministry didn’t change. Whether in households sitting together praying the “Your Sunday Connection” and listening to a homily by Fr. Sergio or on Zoom calls that quickly popped up with Trivia Night and REBOOT: UPDATE YOUR SPIRITUALITY groups. Saint Andrew didn’t stop gathering, we just changed how we gathered.

A few months later, new guidelines were established by the Archdiocese of Chicago in partnership with the Illinois State Health Department that permitted the reopening of the church for public worship. Saint Andrew parishioners quickly stepped forward to implement these guidelines and Saint Andrew was one of the first parishes in the area to meet the requirements to reopen. Saint Andrew could gather in person once again.

With Masses once again being held in the church, new recording equipment was installed to capture the experience and live stream Masses on a weekly basis. Saint Andrew parishioners log on every week from their homes to gather with those who are worshipping in person.

We look forward to the year ahead in which this core value, the gift of gathering, will continue to be a source of life and energy to our parishioners. Sometimes we may gather in person or sometimes online, but the spirit of community is the same. Your support of Saint

Learn... Our core value made possible through your support.

Saint Andrew Parish's most important ministry is the accompaniment of children and adults to grow as disciples of Jesus Christ. Offering opportunities to learn more about the Catholic faith and God's overwhelming love for us are made possible through the support of our parishioners.

Saint Andrew School serves children of our parishioners and other parents who want their child to have a strong Catholic primary education. Per the guidance of the Archdiocese Office of Catholic Schools, Saint Andrew was able to open our school for both in-person instruction and distance learning starting in August of 2020.

Because of the pandemic, Saint Andrew School did experience a drop in enrollment as did many Catholic schools. This drop was notable mostly in our Preschool and Junior Kindergarten classes. The school's faculty and staff have been exemplary in following the safety protocols required to prevent the spread of COVID-19 and the students and families have followed suit.

“Saint Andrew Parish’s largest and most important ministry is the accompaniment of children and adults to grow as disciples of Jesus Christ.”

Saint Andrew Religious Education accompanies students who attend public and private schools in their religious education through our Family Catechesis program. Because we already had implemented a hybrid at-home and in-person curriculum in previous years, we were seamlessly able to transition to remote learning for our 150 students.

For adults, Saint Andrew continues to offer faith formation experiences for adults including our Advent Speaker Series, catechesis for parents seeking the baptism of their child, preparation for the Sacrament of Marriage and our six-week course REBOOT: UPDATE YOUR SPIRITUALITY.

Whether presented virtually or in person, we look forward to the year ahead in which this core value, the gift of learning, will continue to be a source of life and energy to our parishioners. Your support of Saint Andrew makes it possible.

Love... Our core value made possible through your support.

“Saint Andrew aims to be a healing presence in our community and thereby transform woundedness into love.”

2020 will always be remembered as a trying year. It has tested our values and our commitments. When there is fear and chaos, the real character of a person or an institution comes out.

Saint Andrew parish usually boasts a healthy display of engagement in charitable activities that can be quantified. Annually we can track how many hours were given volunteering to support the Greater Chicago Food Depository and how much money was raised to build schools in Uganda or support students who are need of education.

2020 has been different. Many of our standard accomplishments were not possible and much of what we did is not traceable.

Saint Andrew aims to be a healing presence in our community and thereby transform woundedness into love. Paradoxically, the decision to love meant that, for a short time, we needed to keep our doors closed rather than to keep them open. It meant we needed to keep distant rather than to draw near. It meant being a voice in our society that called people into stillness and to be comfortable with temporary isolation for the greater good.

The year has been chaotic. Jim Keenan’s definition of “mercy” is to “enter into the chaos of another.” This is where love is truly felt. In the future, Saint Andrew Parish will once again boast of an assembly that can quantify the activities done to sooth the “chaos of another.” This year, entering into another’s chaos has required us to love by intentionally and thoughtfully doing less, not more.

We look forward to the year ahead in which this core value, the gift of loving, will continue to be a source of life and energy to our parishioners. Your support of Saint Andrew makes it possible.

SOURCES OF INCOME FOR PARISH 2019-20

ORDINARY EXPENSE FOR CHURCH

2019-20

Looking Ahead...

The fiscal year of 2019-20 ended well for Saint Andrew but there are some notable trends that raise concerns for the coming year. Ordinary Sunday Offertory has trended downward since August 2020. Without in-person celebrations, automatic electronic giving is essential. Additionally, the parish is not receiving income from the rental of the parish gym to outside groups due to COVID restrictions and limitations on fundraising events mean a significantly lower income compared to prior years.

Looking ahead, we ask parishioners to consider increased sacrificial giving as the impact of the pandemic continues to effect the parish's operations. If you have not already done so, please set up electronic giving through Give Central at www.standrew.org/give.
